Miss Laura Leake Wins Rotary Trip to Ottawa

At a Drayton Valley Rotary Club Ladies' night in the Cardium Room last Wednesday four young people took part in a speaking contest to decide the winner of a trip to Ottawa later this spring.

Miss Laura Leake, daughter of Mr. and Mrs. Matt Leake, was the judges' selection and will be this year's representative in the "Adventure in Citizenship" program. She is a student at Frank Maddock High School.

Four finalists were selected from applicants at the school to take part in Wednesday's contest.

The other finalists were Joanne Chenery, Janet Metelski and Jeff Wardlow.

They were allowed three to six minutes to speak on a choice of three topics previously announced. The winner chose the topic of "Pollution -- Its Effects and Remedies."

Miss Leake will join 240 other young Canadians in May on the annual visit to Ottawa sponsored by the Ottawa Rotary Club and the Drayton Valley Club. While in Ottawa they will be guests in homes of Rotary members and will be treated to a round of

visits to places of interest and have the opportunity of meeting well-known Parliamentarians.

Included will be visits to the Houses of Parliament, Government House, the National Art Gallery and R.C.M.P. headquarters. Luncheons and dinners are included in the itinerary.

Participants in the "Adventure in Citizenship" are expected to write an essay following the trip on the topic "The Capital of Canada Should Reflect..." A prize of \$600 for one year's university tuition will be awarded to the writer of the best essay.

Rebels Defeat Stony Plain; Advance to Provincial Final

The Rebels earned the right to play in the Provincial Finals last Thursday and Saturday night by defeating the Stony Plain Eagles 6 to 4 and played to a 5 to 5 tie on Saturday night to win the total point series 11 to 9.

The Rebels now meet the Wetaskiwin Colonels Thursday night at home and to Wetaskiwin Saturday night for the second and final game. These two games will decide the Provincial Champion.

Last Thursday in Stony Plain

BY DOUG BARNES

the Rebels skated and played as well as they have all winter.

Led by Sam Belcourt with three goals and Dan Davie with two. The Rebels skating was really outstanding and the most outstanding skating, I thought, was done by Dan Davie who was really flying. Goal tending by Lorne Foster was something to behold, stopping 46 shots.

Rebels' Sam Belcourt started the scoring at 16:04 of the first period assisted by Lou Hendrikson and Dan Davie. Period end Drayton Valley 1, Stony Plain 0.

Henry Hodgson made it 2 to 0 at 3:16 of the second period assisted by Dan Davie. Stony Plain made it 2 to 1 at 8:59 by Oliver Morris. Dan Davie scored his first of two goals at 9:57 from Lou Hendrikson who picked up

four assists in the game. Stony Plain replied with two goals back-to-back at 12:53 by Oliver Morris and 18:30 by George Matsuba to tie the score at 3 to 3 at the end of the second period.

Dan Davie broke the tie at 6:32 of the third period unassisted. Sam Belcourt scored what proved to be winner at 13:09 unassisted. Stony Plain pulled within one goal at 14:16 with a goal by Warren Van Gore. Sam Belcourt scored his third goal at 19:38 unassisted.

The Rebels brought home a two goal lead for the second game of the series. The Rebels took six of the eight penalties handed out by Bob Magee and Darryl Havrelock. Another night away from home the Rebels got fine support from their great fans.

Saturday night's game was

Many Workers, Skaters Prepare For Ice Carnival

Ice Carnival plans will be going into the final stages of preparation this week. With the opening performance on April 2nd at 7:30, skaters are practising diligently to put on a show that will give pleasure to all while mothers are working at the huge task of costuming each performer.

"Broadway on Ice" is the title of this year's show. Music for the show has been taped from original soundtrack recordings of various Broadway hits.

The choreography has been done by Karen Kirkwood and Paula Venn, the two skating professionals who have been associated with the figure skating club for the past two seasons. Assistant choreographers are Linda McMorris and Janet Metelski.

The Carnival Queen will be crowned at the Saturday evening performance. Talent, personality and ticket sales will be the deciding factors in the contest.

Burrows Motors Challengers Meet Ft. MacLeod in Final

The Burrows Motors Challengers won the right to represent Northern Alberta in the Provincial Finals by turning back the last year's Provincial Champions 5-1 Friday night and losing Sunday afternoon 3-1, and winning the two game total point series 6-4.

The Challengers were supported in Camrose Sunday afternoon by 150 cheering Drayton Valley fans who kept the spirit of the Drayton Team in top shape.

The Challengers will now meet the Southern Alberta Champion Macleod Bantams in a double header this weekend, Saturday at 8:00 p.m. and Sunday afternoon at 1:30 p.m. in a two game total

point series.

The Challengers came through with a big game in defeating the talented Camrose team 6-4 in a two game total point series. Once again, Don "Crazy" McCreed led the way with superb goal tending in both games.

In the first game at home last Friday, Challengers showed that hard skating and positional hockey pays by defeating the big and fast Bulldogs 5-1 before a good crowd of over 300. Goal scorers were Fournier unassisted, Galvon from Koebernick, Seun from Hook and Hall, Tucker unassisted, and Koebernick from Hall. Camrose goal came from Kuefler.

At Camrose Sunday, the Bulldogs came out strong to score two first period goals by Heroux and Boden. In the second period they went ahead by three goals and within one on the series with Boden scoring again. Then the Drayton Valley boys found their legs and Tucker scored from Selin. In the third period the Challengers pressed the game but the period was scoreless.

Penalties were Drayton Valley 9, Camrose 6 first game. Camrose 9, Drayton Valley 7 on Sunday.

The Bantams would also like to wish the Rebels "Best of Luck" in their Provincial Final Series.

Ratepayers Oppose Tuition Agreement At Saturday Meet

As was expected, the tuition agreement with Yellowhead School Division and the fate of the Seba Beach High School, was a major part of discussion of school affairs at the Annual Meeting of Ratepayers of the County of Parkland, held in the new Spruce Grove School last Saturday.

School affairs occupied the period between 10:00 a.m. and noon, followed by county business after lunch. Attendance varied during the day with the meeting attracting an average attendance in excess of 100 persons.

Although feelings occasionally

ran high during the school portion, the meeting was orderly and well controlled throughout. Maurice McCullagh of Drayton Valley was chairman with Mrs. Ferrier of Seba Beach acting as secretary.

An indication of the mood of the meeting came following the report of last year's Chairman of the School Committee, Mr. Robert Bailey, when a motion to accept his report was defeated.

Following considerable discussion of the Seba Beach situation a motion from the floor called for removal of the tuition agreement with Yellowhead School Division to have students of the north-western corner of the county attend a new High School in Evansburg. The motion carried with 66 in favor, 13 opposed and 23 abstaining.

Along with the School Committee report, the Reeve's report was heard, as was the Superintendent's. The meeting had the opportunity of questioning all reports, including those of the Agricultural Fieldman, Chief Assessor, Development Control Officer and Police Chief, which were not read in an effort of shortening the meeting but were printed along with the financial statement and available to all in attendance.

In the county business portion of the meeting, new legislation and rates for snowplowing of private driveways was a major point of discussion. The meeting went on record as favoring an attempt to persuade the Provincial Government to amend the legislation, which is thought likely to create hardship for retired citizens on fixed incomes in meeting snowplowing costs.

Suggestion that Reeve Les Miller write a monthly column explaining county affairs for publication in The Western Review and Stony Plain Reporter, also received approval of the meeting.

Report of Superintendent M. Holman showed a total enrolment in county schools of 5,234, up 359 students in the past year. Stony Plain leads with 1,450

students, followed by Drayton Valley, 1,427 and Spruce Grove 856. Two hundred and forty teachers are employed full time in the county -- an increase of 21.6 in the past year.

AQUATIC WORKSHOP

The 1971 Provincial Aquatic Workshop, co-sponsored by the University of Calgary, the City of Calgary, five provincial aquatic associations and the Recreation Branch of the Alberta Department of Youth, will be held at the University of Calgary, May 8 to 16.

This year special emphasis is to be placed on summer swim pool and water craft programs.

D. V. Highlights

BY MRS. EDITH DEBY

Mrs. John Larsen had an operation last Friday. We wish her an early recovery.

Mr. and Mrs. Ben McIntyre, of Uranium City, visited Mrs. McIntyre's mother, Mrs. Olga Wiechert last week. The McIntyres were on their way home from a two month cruise of the West Indies.

Mrs. Douglas Barnes is visiting her parents in Penticton while she recuperates after a recent operation. Don't stay too long, Mrs. Barnes. We miss one of our most frequent library borrowers.

Mrs. Tilly Smithinsky is in the local hospital. Mrs. Smithinsky is a long time resident of the Violet Grove district. Get well soon, Mrs. Smithinsky.

Mrs. Francis (Barbara) Law has been moved to the Misericordia Hospital.

It will be remembered that Larry Beckett was a member of an agricultural exchange program about a year ago. Six of these young people became fast friends during their stay in Denmark. Last week Mark Box, one of this group, came from Sherwood, Oregon, to look up his friends in Alberta. Mark farms in the beautiful Williamette Valley and is in charge of a potato growing project that comprises four hundred acres. Spring work has been held back in Oregon by torrential rains making it possible for Mark to visit Alberta. It is to be regretted that his first view of our province showed nothing much but snow.

Best wishes for future happiness go to Mr. and Mrs. Martin Protack. Mrs. Protack is the former Miss Deirdre Fox, of Bashaw. Welcome to our town, Mrs. Protack.

Mrs. Church has been a patient in the local hospital for the past month. Mrs. Church is a well known personality at the hospital but it doesn't seem natural for her to be occupying a bed. Usually she is to be seen flying about waiting on sick folks.

Miss Louise Waddell arrived by air on Friday from Vancouver to spend a long weekend with her parents, Mr. and Mrs. Robert Waddell. Louise lives in New Westminster.

Mrs. Leo Hutchinson is in hospital for what we hope will be a short stay.

Mrs. Robert Hunter who has been seriously ill for a time has been discharged from hospital and had begun what will probably be a slow convalescence. The Hunters live in Calgary and Little Leslie Hunter has come to live with Grandpa and Grandma Urchysyn for awhile.

Rebels

another real crowd-pleaser. Henry Hodgson started the scoring at 14:12 of the first period assisted by Sam Belcourt and Terry McGowan. Henry's first of three goals. Hodgson scored his second goal at 16:55 from Sam Belcourt and Frank Roggeveen. The first period ended Rebels 2 to 0.

Total points 8 to 4.
The second period saw the Eagles score 3 goals to Rebels 1. Eagles first goal at 7:52 by Oliver Morris. Sam Belcourt replied at 13:32 assisted by Frank Roggeveen. Bayden Robinson for the Eagles at 15:08. George Townsend scored Eagles third goal at 18:56.

The period was an up and down the ice great period of hockey. Then at 18:22 Oliver Morris of Eagles scored to make the total Points 9 to 8 for Rebels. Bayden Robinson tied the series up at 19:05.

In the overtime which was a ten minute period, Rick LaPointe shot in behind Eagles' goaltender assisted by Frank Novosel and Doug Hall. This proved to be the winner. At 9:36 Henry Hodgson sewed it up unassisted.

A great hockey game before another great crowd at 785 fans. The stage is now set for a good series against the always hard-to-beat Wetaskiwin Colonels Thursday night at the Centennial Arena at 8:30 p.m. and in Wetaskiwin Saturday.

Mr. Ted Boodle paid his mother, Mrs. Anne Look, a brief visit last week. Mrs. Look was especially pleased because her grandson, Robbie, was with her father, Mr. Boodle, who spent his boyhood in Violet Grove district, has been a wild life officer for many years. He talks very interestingly of his work in the Peace River Delta area, home of the wood buffalo and the summer nesting grounds of the whooping crane. The Boodles have been transferred from Fort Smith to Univik and will leave shortly.

The Legion Auxiliary held its last whist party for the season on Sunday with the following results: High, Mrs. Hilda Dusterhoff and Frank Hazzard. Low, Mrs. Sonya Anderson and Mrs. Rene Anderson (playing as a gentleman). Grand Aggregate, Mrs. Ruth Berry and Mr. Ivan Dahl.

Mr. O'Rourke has been transferred to Calgary by his company. This popular couple will be missed especially by members of their church. Good bye and Good Luck, Mr. and Mrs. O'Rourke.

Father Lynch officiated at the late afternoon wedding on Saturday when Miss Debbie Rehn became the bride of Mr. Bob Schmidt. Both young people are from Lodgepole. Best wishes for future happiness, Mr. and Mrs. Schmidt.

Progress Reported at Thursday Meeting on Seba Situation

At a meeting on Thursday between the Working Committee of the Concerned Parents and Ratepayers Association of Seba Beach and the Parkland County School Committee, a measure of progress was reported.

The School Board agreed to keep the High School open at Seba Beach for students who did not wish to attend the new High School to be built by Yellowhead School Division in Evansburg. The tuition agreement would, however, remain effective the committee said.

At the annual meeting of ratepayers in the Spruce Grove School on Saturday a motion to end the tuition agreement was passed by the 100-odd persons present. The motion passed with 66 in favor, 13 opposed, and 23 abstaining.

The School Superintendent M. Holman reported that results of a ballot vote in Entwistle grades 7, 8 and 9 showed 55 in favor of attending at Evansburg; two for Drayton Valley; and two for Seba Beach.

The ballot in Seba Beach grades 9 to 12 showed 126 in favor of attending at Seba Beach; 26 in favor of Evansburg; and 16 Drayton Valley.

A survey of parents with students in grades 8, 9, 10 and 11 among people in the north-western corner of the county showed

67 families, representing 104 students favoring attending at Seba Beach; 38 families with 54 students favored attendance at Evansburg; and 25 families with 35 students voted for Drayton Valley.

Recommendation of the School Superintendent presented at last Thursday's meeting and accepted by the School Committee was as follows:

- * That the School Committee reaffirm its intention to retain the tuition agreement with Yellowhead School Division.

- * That the School Committee provide, through the tuition agreement, high school services at Evansburg for the students who express a preference for this school and a desire to attend it.

- * That the School Committee continue to provide high school services at Seba Beach School for those who indicate this as their preference. The program offered and staff required will be determined by the enrolment.

- * If the students at Seba Beach High School desire some further clarification regarding the programs and courses to be offered at Evansburg that arrangements be made for a High School Inspector to meet with them and discuss the proposed programs of this school.

- * If these students would like to

visit the Business Education section of the Vocational Wing at Memorial Composite Senior High School then suitable arrangements for such a tour be made.

Meanwhile, in the Yellowhead School Division, plans are going ahead for the new school and at a recent meeting of the divisional board revised plans for the building were presented by Architect N. J. Gardener and Yellowhead Works Superintendent, Paul O'Hara.

Changes include multi-zone hot air furnaces, a little theatre and stage which could either have a level floor or tiered seating, two science rooms, special loading zones, covered entrance, etc.

Farm and Ranch Show Starts Monday

Over 35,000 farmers and ranchers from across the Province will be heading for Edmonton this month for the fifth annual Canadian Western Farm and Ranch Show.

Designed to be Western Canada's biggest three-dimensional spring catalog of farm equipment, machinery and services the show has attracted over 100,000 people in the past five years and carried away more than \$1.5 million in goods.

To be held at the Sportex Building, Edmonton, March 29 to April 3, the show will provide value-conscious farmers with an opportunity to compare features and values and to see the latest in equipment both domestic and foreign.

The Show will again be running in conjunction with the annual Canadian Western Stock Sale and Rodeo of Champions.

A highlight of the 1971 Show will be a major display from the Province of Manitoba with representative displays from a large

cross-section of the Provinces' farm equipment manufacturing companies. The display will occupy some 3,000 sq. feet in the Western section of the show.

Of special interest to farmers this year will be displays of Russian, Romanian, Hungarian, German, and British as well as Canadian farm machinery, much of it never shown in Western Canada before.

Almost 100 exhibitors have reserved space to date and it is expected that the show will be another complete sellout. On display will be every type of farm equipment and service imaginable --- from a complete working hog-barn to combines, from fence-wire to helicopters.

LEGISLATIVE REPORT

By Kevin Peterson and Don Sellar (Of the Calgary Herald)

The disagreements of the two parties in the Alberta Legislature tend to be emphasized while their united stands often get lost in the shuffle.

This week, agriculture provided an issue where the Social Credit and Conservative parties found some common ground on federal marketing legislation -- but as usual quite a bit of House time was consumed in criticism of past government policy.

The Tories launched the initiative which led to unanimous House passage of a resolution urging the federal government to exempt both hogs and cattle from proposed marketing bodies contained in Bill C-176 -- until local producers want them included.

The Opposition, led by Dr. Hugh Horner (PC--Lac St. Anne), had the government in a difficult political position with their original demand for blanket exemption of the two commodities.

For a week, Dr. Horner pestered Agriculture Minister Henry Ruste to reverse the government's previous support for a national hog marketing scheme.

Just before the debate, Mr. Ruste did just that after elected representatives of Alberta's hog producers pressed for exemption, thus reversing an earlier position taken by provisional directors of their provincial marketing board.

Premier Harry Strom summed up the government policy when he said "our objective should be to come up with a rationale for the objective the farmers want to have. We have constantly said that methods of marketing should be a choice of the producer."

To save face, the government threw their own political curve at

the Opposition by amending the Tories' motion and substituting a provision that provincial producers of either hogs or cattle could be included in federal marketing schemes later if they wanted.

While there was bickering over which party's resolution would get passed, both sides were strongly united in condemning Ottawa's proposals for controlling production rather than seeking new markets.

"It would spell sheer doom to hog producers in this province if they were denied access to Ontario and Quebec markets," Bob Dowling (PC-Edson) remarked

during the debate. "It is a philosophy that leads to a quota system where quotas become invaluable and monopolies develop."

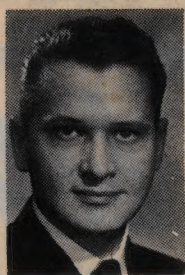

Agriculture Minister Ruste, meanwhile, reported to the House that the province's new marketing commissioner Harry Har- graves has been "very successful" in his initial attempts to promote Alberta agricultural products on the world scene.

So successful have his efforts been, particularly in Pacific rim countries, that Mr. Ruste is trying to find a second commissioner to sell Alberta goods.

Politicians may have been talking about agriculture in the House but thoughts of a spring election were heavy on their minds. The premier added fuel to the June election rumors when he announced a 50-per-cent boost in homeowner tax discounts, bumping the grant to \$75. Pensioners receiving supplementary allowance from the province will now be eligible for \$150.

Report From Parliament Hill

By Allen Sulatycky, M.P.

One of the most interesting pieces of legislation was passed by the House of Commons, when third reading was given to an act titled the Consumer Packaging and Labelling Act.

The purpose of the act is to assist consumers who are deceived by the bewildering variety of packages and sizes in many product areas.

It is another of the initiatives taken since Honourable Ron Basford became the Minister of Consumer Affairs. Steps such as this one, standardizing of children's clothing sizes, and a new Weights and Measures Act, have prompted the president of one large manufacturing concern to label the

various new protection for consumers as "creeping Basfordism".

The Consumer Packaging and Labelling Act encountered considerable difficulty in passage through the Commons, with the Conservative Opposition claiming that it went too far while the New Democrats argued that it did not go far enough. A Conservative bid to take the teeth out of the bill in the final stages of the debate was easily beaten.

"These bills will enable us to begin answering the complaints consumers have been making for years about conflicting regulations and confusing practices which make it difficult to compare values", Mr. Basford said.

The Consumer Packaging and Labelling Bill would impose new uniform standards on the declaration of net quantities of the packaged goods. False labelling will become a new general offence.

It would be an offence to employ packages with slack fill which would mislead consumers about the quantity contained.

And in cases where the government determines that there is undue proliferation of sizes or shapes of containers likely to confuse the buying public, it would be able to limit the sizes and shapes of containers for individual products.

Every container would be required to show the name and the address of the person or company responsible for the product, as an aid to consumers who wish to communicate complaints or other comments.

The government would have broad authority to require the provision of information on packages and labels.

Editorial — Comment

Industrial Taxation Pooling ... Rural Areas to Benefit?

A suggestion gaining a measure of support from Alberta politicians, calls for a pooling of the industrial taxation of the province to be distributed equally among the wealthy and the have-nots.

Actually, it appears to favor the major centres, which are viewed suspiciously by their country cousins. If it could be proved that the industry hogged by the cities would give the rural areas a better break than they presently receive, the measure would gain support -- it's unlikely the rural areas would do better than second-best, though.

We don't feel that any area should prosper while the next-door neighbor starves, because one happens to be fortunately located and the other unfortunately. On the other hand, many of the ones that appear fortunate, make great efforts and provide the services to make their area attractive and the tax base growing.

A fairer measure, from a rural point of view would be a pooling and equal sharing between major centres and the same on a rural -- urban-rural basis. Let the rural and rural-urban areas share their industrial taxation for the benefits of all -- but let the cities share among themselves -- and their hands off the fruit growing on country trees.

What Is a Farmer?

What is a farmer?

A definition given by L. A. Jensen, NDSU agronomist, is worth considering:

"He must be engineer enough to run \$70,000 worth of machinery, and blacksmith and welder enough to fix it. He must be economist enough to know when to buy and when to sell and bookkeeper enough to spot the weak points in his operation.

He gambles on the weather and prices. He must be veterinarian enough to spot livestock diseases, castrate pigs, or stick a bloated cow and plant pathologist enough to recognize and solve crop disease problems.

He doesn't have to be a chemist but he needs to know what his soil fertility level is and what is in fertilizer formula. He must know nutrition to properly feed his livestock and to fertilize his crop plants. He needs to know the herbicides, fungicides and insecticides that will safe-guard his crop and yet be safe to the consumer of the food and fibre he produces. He doesn't have to be an agronomist but he must know which crop variety is best, when to plant it and how to make it produce a profit.

He doesn't have to be a diplomat, but diplomacy will help convince his wife that a new tractor will increase profits enough to buy her a dish washer.

He doesn't have to be a psychologist but it might help to keep his children working on the farm while the city boys go fishing. A farmer today is a combination capitalist, a day laborer and a manager.

He must have brains enough to make many decisions each day and brawn enough to toss around bags of fertilizer and bales of hay. Along with all this he must have finesse enough to be able to walk into the bank and ask for a \$20,000 loan without batting an eye."

Twenty-six Ratepayers Attend Evansburg Meeting

Annual meeting of Evansburg ratepayers was held in the Leion Hall on Wednesday, March 17th with all members of Council and 26 ratepayers present. Mr. A. Grapentin chaired the meeting. Among topics discussed was the decision by council in 1970 to do away with water meters; the water system; dog control; purchase of land for development purposes; and the annexation of land outside the village along the west boundary.

The reading of water meters has been deleted because of the expense in having meters installed in all residences and in fairness to all, it was decided that none be used.

Council feels that the dog situation is now fairly well under control due to passing a new bylaw and providing a pound.

The meeting passed a motion asking that council consider making land available for development.

MAYOR'S REPORT

Mayor Guy Dompnier reported as follows:

"I have pleasure in presenting to you my annual report.

"I would first like to introduce the Council - Deputy Mayor, John Lauer; Councillor, Fred Croft; Councillor, Carl Bjornstad; and newly elected Councillor, Rex Rimmer. He replaces Councillor Garry Lorenz who resigned due to a change in domicile. I'd like to publicly welcome Councillor Rimmer. I am certain he will make a sincere, worthy contribution to Village Council.

"We started the year 1970 with our backs against the wall with a deficit of \$6,321.72 to overcome. This deficit occurred in 1969 as a result of the huge cost of repairing the arches of the arena.

"The Provincial Government came out with a new formula of financing school costs last year and this enabled the School Division to reduce the supplementary requisitions by a large margin. Many local Governments took this opportunity to replenish their coffers and complete a lot of Municipal work which they had been shelving from year to year because of the large demand for education.

"This Council could have done the same thing, in fact we could have built up a huge reserve, but we did not, we lowered the mill rate instead, so much so that we were singled out as the highest reduction in Alberta along with the City of Camrose. Let me quote from the Edmonton Journal of July 18, 1970 --

"Secretary-Treasurer R. J. Magnuson in Camrose, for instance, reported a 12-mill drop. This apart from the Village of Evansburg, west of Edmonton, which had a similar cut, was probably the largest in the area."

"We, on Council, are proud of this achievement, along with picking up the \$6,321.00 deficit, we were able to allow you the benefit of 3 mills or \$1,755, which you, the ratepayers, overpaid in 1969 as a result of a special grant to the Yellowhead School Division by the Department of Education which came too late for us to adjust the 1969 tax notices and along with the 12 mill reduction, we ended 1970 with a surplus of \$5,572.82. This is the first surplus balance in four years. So you can see that after our year's operation we picked up \$13,649.54 as well as having reduced the overall mill rate by 12 mills. Insofar as Public Works is concerned, we cleared one street for grading this summer, we opened up an alley, we gravelled and oiled the main street and we built over one block of new sidewalk.

"Our Waterworks gave us some problems in early summer so it was necessary to purchase and install a new pump. We investigated the possibility of digging a reservoir to help improve the quality of our water supply during the spring run off, but found the cost to be prohibitive. We are now considering either a good well as emergency supply, or land closer to the river for reservoir purposes.

As of January this year we have taken great strides towards rec-

reation. We signed an agreement with the Parkland Regional Recreation Council and are now included in their programming. As you know, they offer an extensive selection of courses with top notch instructors.

"Regarding the proposed school, the tuition agreement between Yellowhead School Division and Parkland School Committee has been signed and approved by the Minister. The Yellowhead Division is proceeding as planned. The Board is holding a meeting this Friday with the architect to review the plans for the school. While there is some opposition to the agreement in certain quarters, the Chairman of the Yellowhead Board assures me the Parkland School Committee has not changed its views on the matter.

"Most of you have no doubt heard me say that we are proud of our arena and indeed we should all be. For a center with a population of 500, this is quite an achievement. I would like to go on record and dispel any rumors about our arena. It is completely paid for as it stands, there is no debt against it. Many people are wondering what the actual cost of our arena was -- the total cost of the arena with the front end was \$49,931.96. The cost of repair to the trusses was \$10,394.23, so altogether the entire cost to us to date is \$60,326.19. So if anyone tries to tell you that Evansburg is indebted because of the arena, you can set them straight.

As for the tax picture for this year, we don't foresee any increase, but it is quite early to commit ourselves as we have not as yet received any requisitions. In any case you can rest assured this Council will do its utmost to toe the line.

"According to Section 25 of the Municipal Government Act, the term of every Councillor will expire in October 1971. So if any of you are interested in serving your community on Council,

this will be your Opportunity to "throw your hat in the ring".

"At this time I would like to thank the Secretary-Treasurer and the Foreman for their work and dedication during the past year.

"I would like to thank the Councillors for their support and assistance.

"The Recreation Board and particularly the Chairman, Nigel Aspeslet.

"The Fire Department and particularly the Fire Chief, Jim Hunter.

"All the Organizations and Associations who helped the Village in any way, my sincere thanks."

LIBRARY NOTES

The following titles are suggested for your attention.

"How to Live With Schizophrenia" has been donated by Mrs. Marion Palmer. The publishers call it an important breakthrough in medicine and psychiatry.

"The Genesis Flood" was donated by Mr. Tom Johnson. It is listed as a biblical record with scientific implications.

"While Rivers Flow" by Kate Brighty Colley first appeared in serial form in the Western Producer. It was so well received that it has been published in hard back. Mrs. Colley calls her book an account of pioneer nursing adventures in Alberta. Actually the tale deals only incidentally with nursing. The author describes pioneer living and hardships and speaks of some of the well known personalities that she met. Among these were Sheridan Lawrence, of Stony Point near Fort Vermilion; Dr. O'Brien of Grande Prairie; Jack Homby; Mr. and Mrs. Tipping of Buck Lake; Mr. and Mrs. MacLean of the Bad Heart area who eventually became Grant McConachie's father and mother-in-law; and Dr. Mary Percy Jackson of Keg River and many others.

April 26—Vancouver—Hotel Georgia

"The parks are hereby dedicated to the people of Canada for their benefit, education and enjoyment... and such parks shall be maintained and made use of so as to leave them unimpaired for the enjoyment of future generations." SECTION 4: NATIONAL PARKS ACT

Public hearings are being held across Canada on provisional master plans for development and use of national parks. The plans outline the Government's proposals for intensity of park use, interpretation of natural history, protection of park environment and development of visitor facilities.

Hearings will be convened in Calgary, Edmonton and Vancouver, to hear comments and recommendations on the provisional master plans for Banff, Jasper, Yoho and Kootenay National Parks. (Separate public discussion will take place at a later date on plans related to the townsites of Banff and Jasper.) There are four individual plans to be reviewed but because these parks are contiguous, they are being considered as a unit for the purpose of public hearings.

Interested individuals and organizations are invited to submit written briefs, in either official language, on any one or all of the plans and to indicate if they wish to speak at the hearings. Everyone is welcome to attend—to listen or to participate.

Copies of all four plans may be obtained for \$2.00 or individual copies for \$1.00 each (remittance money order or cheque payable to the Receiver General of Canada) from:

Regional Director, Western Region,
National and Historic Parks Branch,
300 Customs Building,
Calgary 21, Alberta.

Written briefs and requests to speak are to be sent to:

Secretary, Public Hearings Program,
National and Historic Parks Branch,
400 Laurier Avenue West,
Ottawa 4, Ontario.

MARSH WORLD by ANGUS SHORTT Ducks Unlimited

PINTAIL

Second only to the mallard in point of numbers, the wide-ranging pintail is a favorite of sportsmen. Most plentiful west of the Mississippi River, it nests across the Canadian prairies, up through the Mackenzie Delta, Alaska and the tundra of Canada's Arctic. Shallow marsh areas are preferred nesting grounds and large numbers are raised on Ducks Unlimited projects on the short grass plains. Drakes are larger than females. Adults weigh around two and a half pounds.

BERRYMOOR NEWS

Get well wishes to Mr. Philip Reznik and Mrs. Halina Reznik, who have not been feeling too well lately.

Bill Gilchrist spent a weekend at home recently. He has been employed near Slave Lake for most of the winter.

Brian Thorsen is employed near Grande Prairie. His wife drove to the Northern Alberta town one weekend recently to visit him.

Mr. and Mrs. Gilbert Martin and family spent the weekend of March 13th in Berrymoor. This is the first time that they have been back since moving up to the Grande Cache area.

Peter Maine is presently staying at the home of Mr. and Mrs. Donald Martin.

A group of young people from the Bible school near Winfield who are called the "Good News Singers" entertained at the Berrymoor Pentecostal Church on March 14th. This group is very talented and were very much enjoyed by all who heard them. Following the service a delicious dinner was served to all who were present.

Mrs. Bernice Lietz is still having problems with one of her hands that she has had an operation on. Hope that it is all healed soon, Bernice.

Mr. Harry Lawson from Rocky Mountain House visited at the home of Mr. and Mrs. Martin Lietz last weekend. Mr. Lawson worked at the Fraser Lumber Co. Camp 21 when it was operating in the Berrymoor area a good many years ago. He asked to be remembered to all of the folks in this locality that he knew then.

The Lindale 4-H Swine Club sponsored an Amateur Talent Night at the Lindale School on March 13th. Congratulations to Miss Mickey Horsman on winning first place at the event. Sorry that we don't have the names of the rest of the prize winners at this time.

Best wishes to Mrs. Edna Van Ember and family who left recently to take up residence in Blythe, California. Mrs. Van Ember was active in community affairs and will be greatly missed.

KEY PROTECTION

Motorists, especially those owning new cars, may save both money and aggravation if they jot down the serial numbers of their car keys on a slip of paper, says the Alberta Motor Association.

One feature of many of today's theft-proof cars makes it nearly impossible for door locks to be "impressed." Unless the owner has the serial number of his lost key, he may have to spend considerable time and money to get a replacement.

For double protection, the A.M.A. recommends that all motorists keep an extra set of keys or a slip of paper carrying the serial numbers in their purse or wallet.

Appaloosa Horse Club Elects New Officers

The Northern Alberta Regional Appaloosa Horse Club held its meeting on February 24th, at the Winterburn Hall. A report from promotion man, Al McCready was heard with great interest. The organizing of the Horse Clinic at the University of Alberta is moving along very well and one class should be held toward the end of June.

Rick Helynck reported that the Annual Regional Show will be held at the Viscount Stables on August 7th and 8th. The show committee was very fortunate in acquiring the services of Mr. Gilbert Cole as judge. Mr. Cole is a very well-known judge.

Jerry Voytilla gave an informative talk on the racing committee's program. Plans are to have a four event race meet at the Regional Show. This would include a 220 yard dash for 2 year olds; 440 for 3 year olds; 660 for 4 year olds; and an open handicap. Total purse will be one thousand dollars.

To help raise funds for this race meet a Stallion Service Auction is scheduled for the end of March or first of April at the Viscount Stables. This will be in conjunction with the Showmanship Clinic, overseen by Mr. Gilbert Cole.

Annual Banquet and Dance will be held on May 7th at the Winterburn Hall. Tickets at \$7.00 per couple or \$4.00 per single person are available from Mrs. Dean Stanton, RR #8, Edmonton, phone 799-5094; or Mrs. Al McCready, 10811-52 Street, phone 466-9231.

The problem of re-locating the place of meeting for the club was discussed at length. The secretary is to mail out a ballot to every 1971 paid-up member so each could vote for his preference of either the Winterburn Hall or

the Bonnie Doon Hall.

It was agreed to combine the offices of secretary and treasurer for more efficiency.

The following were elected as new officers: President, Joe Williams; Vice-President, Walter Meston; Secretary-Treasurer, Mrs. Edith Voytilla; Directors for two year terms, Jerry Voytilla, Mike Brandy, and Herb Veltman; Directors for one year term, Roy Perron, Al McCready, Lloyd Earl, and Dean Stanton; and Club Reporter, Mrs. Vickie Earl.

The lucky winner of a leather halter was Rob Muir. Next meeting will be held on Wednesday, March 31st at 8:00 p.m. at the Winterburn Hall. Everyone is urged to attend.

Visitors and new members are more than welcome.

Inter-Club Public Speaking At Seba Hall

The Sundance 4-H Club held its regular monthly meeting on the 10th of March at the Seba Community Hall.

Gail Erwin was elected as our new Secretary as Roslyn Blair resigned and dropped out of the club as she is going to work.

Roll call was answered by my favorite sport, all members were present. There was one PeeWee absent.

Terry Bentley reported that a basket of fruit and candy was sent to Ron Welch instead of flowers.

It was decided to give \$10.00 to Seba Students' Union toward the year book.

The dance was discussed and it was decided to try to obtain

the "Sounds of Times" if they were available. A raffle will also be held with the draw to take place at the dance.

Inter-club public speaking will be on March 27th at the Seba Community Hall at 8:00 o'clock. PeeWee speak-off will be on April 6th, at the Seba Community Hall. Elizabeth Bobryk gave a report on planting seeds in the house. Terry Bentley gave a report on the council meeting in Spruce Grove Serplex, February 8th.

ENTWISTLE NEWS

On Saturday, April 3rd, Entwistle will host the Uniform District Convention for the first time. It will be held in the Community Hall with registration starting at 7:30 p.m. and the meeting to begin at 8:00 p.m. Members of Uniform and any interested persons are very welcome. The guest speaker is President, Mr. Dobson Lea. Lunch will be served after the convention.

Mrs. Ella Brown is reported to be showing improvement but will still be in the hospital for a while yet. Keep up the good work Ella and we all hope your homecoming won't be too long.

Mrs. Ella Kidner is now out of hospital but is staying in Edmonton for a while before returning home.

The Entwistle Home and School is holding its Annual Bazaar on Saturday, May 1st from 2:00 p.m. to 4:30 p.m.

A pressure cooker and electric can opener will be raffled. The usual things at the bazaar will be: Tea, Bake Table, Bazaar Table, Plants, Mother's Day article and the grab box. There will also be a door prize. Material will soon be available for sewing.

Entwistle School is holding Open House on Wednesday, April 7th. All parents and interested persons are welcome. This is for the sole purpose of viewing the students' work. Lunch will be served.

On March 13th the Entwistle Elks held another Whist Drive in the Elks Hall with 6 tables being filled up. The winners were: Ladies - 1st, Lil Hanson; 2nd, Dorothy Meisner; and Consolation Nellie Hamar. Mens - 1st, George Egle; 2nd, John Oliver; and Consolation, Hubert Fore-cast. The door prize was won by George Hamar. The next Whist Drive will be held on March 27th, at 8:30 p.m. in the Elks Hall.

Gordon Oliver was home for ten days before being transferred up north again. He enjoyed it very much at Fort Simpson where he was for three months.

Jack Mottram is home on his days off and while here he will take part in the Open Mixed 'Spiel which takes place here on March 18, 19, 20 and 21.

Russel Miller spent a few days at home after undergoing a slight eye operation. He was able to return to work at the beginning of the next week.

TOMAHAWK NEWS

Mr. and Mrs. Bill Lukaniuk have returned home from White Rock, B. C. where they were visiting their daughter Gail who had undergone surgery. Get well wishes Gail from all the community at Tomahawk. Hope you are feeling better now.

The Tomahawk and District Club held its annual meeting on March 2nd. Recreation classes were discussed and ball uniforms were also discussed. The possibility of building portable bleachers for sports was considered.

New board members that were elected for three years were Ben Harrison, Herb Zander, and Steve Lysak; and for two years were Henry Rabe, Dave Case and Mrs. E. Pryor.

The club held its regular meeting on March 8th. Elected as President was Henry Rabe and Secretary, Mrs. E. Pryor. The Treasurer is Carol Namchuk. Vice-President is Joe Jouan.

Henry Rabe and Bill Wickware presented the Lemke family with a cheque from the benefit dance that was held in their behalf.

Daniel Richter and Cecile Fontaine were united in marriage in St. Thomas Catholic Church in Tomahawk on Saturday, March 6th. Father Lynch performed the ceremony.

Bridesmaids were Bernadette Fontaine, sister of the bride, and Judy Richter, sister of the groom. Groomsmen were Roland Fontaine, brother of the bride, and Walter Richter, brother of the groom.

Ushers were Maurice Fontaine and Chester Beida.

A reception was held in the Tomahawk Hall after the ceremony and was followed by a dance in the evening.

The newlyweds will make their home in Edmonton.

Leprechauns Enter Finals

In the first game of a best of three series the Drayton Valley Hotel Leprechauns set a new scoring record at the Centennial Arena as they blasted 21 goals past the Spruce Grove goalie in the finals of the East and West of Highway 16.

The Leprechauns won the right to play in the finals by defeating Stony Plain 9 - 3 last Monday night.

The 21 goals were made up of four Hat Tricks by Richard Sommers, Carmen Reich, Terry Schadeck and Jeff Solomon, double goals by Crough, Steirer and Zurbrigg with singletons by Shearer, Hook and Omit.

The team will play the second game of the series later this week at Stony Plain.

New Postal Code Becomes Effective on April 1st

Canadians will get their first close look at the postal CODE this April 1st, starting in Ottawa. Jean-Pierre Côté, Minister responsible for the Post Office, announced the launch date at a press conference last week in the nation's capital.

The CODE will be a permanent part of every Canadian address by early 1974. It will be introduced in Manitoba in the fall of this year, followed by Saskatchewan in the Spring of 1972, the Atlantic provinces in the fall, Alberta at the end of that year, British Columbia, the Yukon and the Northwest Territories in the Spring of 1973, and Quebec and the rest of Ontario early in 1974.

"The CODE is essential," Mr. Côté said, "in order to allow us to handle efficiently the spiralling mail volumes and increased traffic congestion in the country's larger post offices."

The CODE is alpha-numeric -- composed of both letters and numbers -- and always takes the form of ANA NAN, where "A" represents a letter of the alphabet and "N" a number from 0 to 9. There is a space between the first three and the last three characters.

A typical example is K2P 0B6.

The CODE contains enough information to determine a person's address right down to one side of a city street between intersections, and sometimes even further. The above example, K2P 0B6, indicates the south side of Nepean Street between Bank and O'Connor in downtown Ottawa.

Sometimes the postal CODE will indicate a single building, if it is a large apartment or office building containing many individual units. Or it can indicate a single organization or company, if it receives a large volume of mail from the Post Office regularly.

But in urban areas it never indicates an area larger than one side of a city block. So it enables the Post Office to program its machines to sort mail right down to very small sections of the city.

The CODE has been designed for a minimum life span of 30 years, but Mr. Côté says it will last much longer than that. It is flexible enough to accommodate growth and shifts in population.

And once your residence gets its CODE, it becomes a permanent part of your address. It will never change, although if you move to another residence, you will inherit a new CODE.

To ensure that the postal CODE is effectively implemented across Canada, the Post Office is spending some \$60 to \$70 million on equipment over the next five years, in the fifteen cities which account for 85% of all mail in Canada -- Halifax, Quebec City, Montreal, Toronto, Ottawa, Hamilton, London, Windsor, Winnipeg, Regina, Saskatoon, Calgary, Edmonton, Vancouver and Victoria.

toria.

Any uncoded mail, Mr. Côté warns, will naturally not go through the machines and will have to be sorted by hand.

W. G. JOHANNESON
Secretary-Treasurer

Report to Ratepayers Shows Town Still Making Progress

The following information is from the report presented by Secretary-Treasurer Bill Johanson at the annual meeting of Drayton Valley Ratepayers held on March 15th:

In the year just past, our immediate concern regarding how we made out generally as regards revenues and expenditures, can be eased by noting that Revenues exceeded Expenditures by the sum of \$21,827.71. This certainly can be heralded as a major feat in itself when one considers the ever present price rising characteristic of our economy.

To get into the details of the year's operation, let us examine our largest source of revenue - property taxes. In 1969 the town levied \$341,914.57 from an assessment base of \$4,383,520 and a rate of 78.00 mills - because we had a respectable development growth during 1969 our assessment base for 1970 rose to \$4,673,565 but as a result of inflationary problems that our country has been experiencing over the last few years it was necessary to levy a larger mill rate upon this enlarged assessment to provide for the expenditures foreseen for 1970. As a consequence we raised the sum of \$364,517.39 by levying a rate of 78.00 mills on the live assessment of \$4,673,565, during 1970.

Local Improvements levies brought in the sum of \$107,067.07 not really enough to look after the Debt Charges which rose from \$150,986.01 to \$151,603.75. However we did see one debenture retired during the year and more will be retiring as each year goes on.

Whilst we are on the subject of Debt Charges, let us look at our liabilities in this field. As of the 31st of December, 1970, our total Debenture Debt stood at \$1,105,098.04, a welcome decline from

\$1,218,864.02 as it was one year earlier.

For 1971 we are looking at a Debenture Debt payment of: Hospital - \$8640.55. Local Improvements Levy \$110,240.00 and from Tax Levy \$61,908.66. This still means nearly 14.00 mills for Debt Charges.

Education took a considerable bite of \$135,062.05 out of our total revenues about 1/5 of the whole. With new schools and resulting additional expenditures, it follows that education should see some rise in 1971.

Joint and Special Expenditures - Emergency Measures Organization, Health Unit requisition and Hospital Requisitions declined from \$28,337.74 to \$14,411.61 due principally to the terminating of the four mill Hospital Benefits Act requisition. Also our Municipal Hospital requisition remained at nil.

The foregoing expenditures are uncontrollable. Council does not have any part in the formulating of them and can do little about changing them.

However the balance of our expenditures come under the direct control of Council and can pretty well be set in accord with the direction of Council, as they read the demands of the public. Of course certain aspects enter the computing of these appropriations which will be some degree dictate the minimum amount necessary to maintain that department for the year. These of course will include the fixed expenditures such as utilities, salaries of employees already on staff, and other similar criteria. Our largest individual expenditure in this classification was Recreation and Community Services which spent \$79,972.45. To offset this we realized the sum of \$41,430.04, in revenues from this department thereby giving us a net expend-

iture of \$38,542.41. In other words it required more than 8.00 mills to finance this department for the year 1970.

Coming close behind we find that our gross expenditure for protection in 1970 was \$66,228.37. We realized \$5,984.00 in revenue from fines thereby leaving a net expenditure of \$60,244.37 which in terms of mill rate on the 1970 assessment represents 13.00 mills.

Our General Government costs of \$40,980.31 includes Mayor and Councillor expenses, Auditors and Assessors expenses, Legal expenses, Tax Recovery expenses, Association Membership fees, Insurance costs, maintenance and operation of Town Hall and other Civic Property not included in the other categories, plus the many administrative costs pertinent to a corporation of this size. In addition to these there are the employee benefit costs - Unemployment Insurance, Canada Pension Plan, Pension Fund Annuity, Medicare, etc.

Public Works expended \$52,323.08 in maintaining our streets, alleys, boulevards, sidewalks, storm sewers, and other municipal property.

Garbage Collection and Waste Disposal cost us \$21,122.87 during 1970. Of this amount the Garbage Collection and Nuisance Grounds maintenance portion took the largest bit - \$16,170.96 with the balance being used to pay for lagoon and sewer line care.

Social development showed an increase in Drayton Valley with grants to churches and institutions taking \$2353.38 and assistance to needy persons requiring \$5866.99 making a total for the year of \$8220.37. The increase was largely due to the national economic picture that found more itinerant out of work personnel coming to Drayton Valley requiring aid.

During 1970 Capital Assets were acquired in the amount of \$36,695.50 which were paid for from Current Revenues. These included plant and equipment additions in Public Works to the amount of \$16,917.92 and the balance distributed to Police, Recreation and General Government departments.

Weekly Livestock Report

The Edmonton weekly livestock report for the week ending March 20, 1971 provided by the Livestock Division, Canada Department of Agriculture.

SALES	CATTLE & CALVES	CATTLE	CALVES	HOGS	SHEEP
This Week (est.)	5950	4150	1800	3300	100
Last Week	4984	3590	1494	3593	121
Same Week (1970)	6058	4447	1611	3281	61

SUMMARY
Receipts were approximately 1,000 head higher this week as spring-like weather conditions

prevail. Offerings continue to run about 75 per cent replacement classes. Slaughter steers and heifers were generally scarce with butcher cows accounting for 50 per cent of the slaughter offerings. Trade was active throughout the week with all slaughter classes fully steady to higher. Slaughter steers and heifers firm to 25 higher. Butcher cows fifty to a dollar higher. Bulls steady. Light veal 1.00 to 2.00 higher. Good green replacements steady, fleshy yearlings 1.00 to 2.00 lower.
SLAUGHTER CATTLE AND CALVES

Slaughter steers and heifers were in short supply with prices strengthening as the week closed. There were sales to 32.10 for choice steers with one package of 1150# selling at 32.00. Overfats and taggy offerings are meeting discounts of 50 - 1.00 per cwt. Butcher heifers sold a full 25 - 50 higher as the week closed with one package topping 30.00. Butcher cows opened the week on a strong basis 50 - 1.00 higher for good and medium kinds with the lower grades a full 50 higher. Prices held fairly steady throughout the week with the odd extra conditioned good kinds 25 - 50 over quotations. Bulls generally steady with sales to 25. Veal calves under 300 lbs. sold higher, sales to 51.00 for 250# weights.
REPLACEMENT CATTLE AND CALVES

There was no change in the price of good conditioned green replacement classes. Fleshy stock calves and yearlings in the (575 - 700#) weight range were selling slow 1.00 - 2.00 lower. Heavier shortkeep feeders were generally steady.

SHIPMENTS
Last week's cattle and calf shipments off the Edmonton Public Stockyards were: East - nil; West to B. C. - 69 butcher. Export - 26 butcher. Feeders to southern Alberta areas - 1343 cattle and calves.

Missions Week at Calvary Church

Beginning March 29th and ending, Sunday, April 4th, Calvary Baptist Church will be hosting Missionaries from various parts of the world during "Missions Week at Calvary".

Miss Ruth Haglund, a native of Alberta, and missionary nurse in Ethiopia, will be with us on Monday, March 29, at 8:00 p.m. Miss Haglund has spent eight years on the field with her work taking her to all the Mission stations of the Baptist General Conference in Ethiopia. Before coming home on furlough, she was in a supervisory capacity at the Leprosarium in Gendeberet, Ethiopia.

On Wednesday, at 8:00 p.m., Rev. Abe Funk, District Missionary for Alberta, will be sharing the challenge of Missions on the home front. A special program of Filmstrips, displays and centres of Missionary interest will be part of this evening. Refreshments will also be served.

Friday, at 8:00 p.m., Missionary Glen Ogren, from Brazil will be speaking and sharing the face of Missions in this rapidly developing country. Mr. Ogren worked in Literature Evangelism, Church

planting, pastoring a native church and in higher education through Bible Institute and Seminary work.

Sunday, at both the 11:00 a.m. and 7:00 p.m. services, Missionary Ken Millhous will be with us from Japan. In this land where the western influence is probably felt more than anywhere else in the world, there is still need. Need that goes deeper than the answers offered in a highly materialistic society. Mr. Millhous has been working in evangelism and church planting.

During each of these evenings there will be a time of singing, guest music questions and answers concerning Missions and slides will be shown on the various fields. The public is cordially invited to attend these inspirational and informative meetings.

CO-OPERATING TO SAVE

Recently we've noticed a trend - a trend that could save many producers a lot of money. A good many producers are seeing the advantage of getting together when they are buying new machinery, particularly non-seasonal machinery.

It has been long felt by most farmers that the only way to be sure you'll get the job done on time is to own all the machinery you need. But machinery prices have been going steadily up, and the need for cutting costs is becoming more apparent. And so, more producers are thinking about buying machinery co-operatively.

What kind of machinery is bought this way? Well, mostly it's machinery which can be used over a good part of the year -- machines it's not likely that everybody will need to use at the same time. Livestock and field sprayers, forage harvesters, portable feed mills, grain dryers, and combines, are some examples where 2 or 3 producers are co-operatively purchasing and utilizing machinery.

It is known that machinery costs tend to be lower with larger sized operations. Machinery sharing arrangements between father's and sons are common either for individual machines or for a complete line. This type of agreement is desirable when the son is starting on a small scale. The contribution principle can be used to determine a year end settlement. Simply stated, contribution principle means the farm production and cash operating costs should be shared in some proportion as overhead costs (depreciation and interest on investment, and labour and management are contributed by each party.)

Contributions are calculated by listing the value of assets (land, buildings, machinery, livestock) contributed by each party and then estimating the fixed costs and labour. Depending on circumstances, income and operation costs would be shared on a two-thirds, one-third basis.

A written agreement is essential for any machinery sharing arrangement. Probably the greatest value of a written agreement is that it forces the parties to think through and discuss the terms and thereby gain an understanding of the agreement. It also assists in the handling and prevention of problems and differences that may arise, as well as serving as a reference to what was originally agreed upon.

Furthermore, accurate and complete records are necessary for making equitable settlement at the end of the year.

If these requirements are met, there is a real opportunity for saving money and at the same time getting the expensive, specialized, but low use machines to do an efficient job. Next time you are considering purchase, consider carefully whether the machine could be used by 2 or more producers, and whether you have neighbors with whom

you could co-operate in cutting the costs of your farming operations.

KEEPPHILLS NEWS

Ann Seely from Jasper visited at the Clark's at Highvale and went to Thorsby for curling in the Ladies' Bonspiel.

On March 12th a good crowd was on hand at the School Auditorium to see and hear the Col-legaires, a 26 voice choir from the North West Bible School of Edmonton. It was enjoyed by all and a lovely lunch was served at the close by the Ladies of the Highvale Pentecost Church.

KEEPING CANADIAN SEED QUALITY UP

Keeping Canadian seed quality up to scratch is an important function of the Canada Department of Agriculture's Plant Products Division. It is also a prime concern of the Canadian Seed Growers' Association.

Through the years the two organizations have worked almost as one to develop and maintain high standards for Canadian seed. In so doing they have evolved an extremely effective seed certification system.

LINDALE NEWS

The Lindale 4-H Swine Club sponsored an amateur program in Lindale School Gymnasium on Saturday, March 13th. Prize winners were: first, Mickey Horsman, vocal; second, Barry Mayr, vocal; third, Dawn Petrie, accordion solo; and fourth, M. Durstling, vocal. Congratulations to the winners, and thanks to each and every one who helped to make this an entertaining evening.

Open house, for education week, was held at Lindale School on Friday, March 12th. Many parents attended during the afternoon when a program of songs, skits, and short plays by the students, in the gymnasium rounded out the day.

We are sorry to see Bill Ship-ton with two crippled fingers due to a brush with the fan on a power unit; and also Wayne Floden who had the misfortune of having a finger crushed in the tailgate of a truck.

Visiting relatives in Lindale were Mrs. Dorothy Joneson, her daughter, son-in-law and family from B. C.

Virus Infection Responsible For Many Calf Abortions

So far this year, aborted calves from over 518 herds have been submitted for diagnosis to the Alberta government's veterinary laboratories in Edmonton and Lethbridge.

Dr. G. G. Klavano, microbiologist at the Edmonton laboratory, reports that on the basis of the 350 fetuses that have been examined so far, a virus infection called infectious bovine rhinotracheitis, or rednose, appears to be present in 151 of the 350 herds represented (43%). He explains that it takes a long time to work through all the submissions because the examination often involves virus and bacterial cultures.

Last year I. B. R. was diagnosed in only 50 of 543 Alberta herds (9%), and in only 20 of 300 herds (7%) in 1969. In most cases the virus was not isolated, but the disease was identified on the basis of certain changes that were found in the internal organs of the aborted fetuses. I. B. R. causes small areas of dead cells in the liver and spleen.

I. B. R. is not a new disease in Alberta. In the sampling of a large number of cattle eight years ago, the federal veterinary laboratory at Lethbridge found well over a third of the animals had been infected with the virus. Many were probably infected without showing any outward signs of the disease.

Sometimes when new animals are added to a herd, some of the cattle already in the herd develop running eyes, a cough or some other respiratory symptoms.

According to Dr. Klavano, I. B. R. has six different manifestations:

- (1) The respiratory form, which occurs mainly in feedlot animals.
- (2) The eye form, which occurs mainly in young calves and feedlot animals.
- (3) The brain form, again mainly in feedlot cattle.
- (4) The genital form, which occurs during the breeding season and mainly affects animals of reproductive age.
- (5) The abortion form, which affects pregnant cows and heifers.
- (6) The intestinal form, which occurs mainly in young calves from a few days to a month old.

I. B. R. can occur in both beef and dairy cattle, but abortions appear in more epidemic proportions in beef cattle, because of the type of breeding program used. The incidence of abortions in a beef herd can vary from 3 or 4 percent to as high as 60 to 70 percent. Cows with I. B. R. may

abort at any time during pregnancy, and the abortion can occur anywhere from three weeks to two months after the animal has contacted the virus.

It has been noted, says Dr. Klavano, that in most cases cows in a herd abort over a period of about three weeks. Sometimes there are a few abortions, followed by a lapse of a few days, and then more abortions. Often it is almost impossible to establish how and when the I. B. R. agent gained entry to the herd.

However, the following is a fairly typical case history. A small cow-calf operation with from 30 to 100 head of cattle had been almost a "closed" herd for a number of years. Then, the owner bought some feedlot animals because he had a surplus of feed. They were kept in close proximity to the cow-calf operation. In fact, many of the animals were in adjacent fields and used the same water source. One to two months after the feedlot animals arrived on the premises, abortions started to occur in the breeding herd.

There are usually no signs or symptoms of illness in cows which abort. If the abortion occurs early in the pregnancy, there are no complications. However, if it occurs during the last two months, the afterbirth is often retained.

Once the abortions start, nothing can be done to stop them. There is a vaccine available, but it can be used only between calving and breeding. If given to a pregnant cow, it will cause an abortion.

Dr. Klavano recommends the following control measures for I. B. R.

- (1) Vaccinate all cows and heifers three weeks before the breeding season starts. The vaccine should prevent abortions; and if the cows have a high enough immunity, they will pass it on to their calves in the "first" milk. The transferred immunity should decrease the incidence of intestinal I. B. R. in small calves. Do not vaccinate pregnant cows or heifers. Consult your veterinarian about a vaccination program.

(2) Keep your breeding herd "closed" and isolated if for some reason you do not vaccinate. In other words, do not add any replacements to the herd between the time the cows are bred and the calving season. If you buy feeders, keep them well away from the breeding herd.

These two precautions, says Dr. Klavano, will not guarantee freedom from I. B. R., but will reduce the possibilities of it gaining entry to the herd.

The Alberta Agricultural Research Trust has provided funds to the Western College of Veterinary Medicine in Saskatoon to be used for investigating the protective ability of the I. B. R. vaccine against abortions. Studies are in progress, but no results are available yet. However, present evidence indicates the vaccine is good for about three years.

SIGN UP FOR "PEP" AND PAY THE SAME AMOUNT EACH MONTH FOR GAS SERVICE

Our PAYMENT EQUALIZATION PLAN provides a convenient method of paying your regular monthly gas bill in equal installments during the year. Under this plan, your gas bill payments never vary. Your annual gas consumption is calculated, the total cost divided by 12, and you pay this amount each month — building up a reserve in summer for the higher bills of winter. Actual consumption is of course recorded monthly, and noted on your bill — and adjustment to actual consumption is made every 12 months. It is available to all customers on request. May is the month such regular payments normally are started — so we invite interested customers to contact us now.

Plan Hoof Care Course

Would you like to have a better knowledge of how your horse's feet affect his overall performance, or to have less hoof problems?

Then you will be interested in the basic horse hoof care course being sponsored by the Alberta Light Horse Advisory Committee and the Alberta department of agriculture at the Vermilion College on April 12 to 16 inclusive.

The 35-hour course is designed to provide the student with basic information on the proper care of a horse's hoof, and to give him a better knowledge of what is involved in shoeing a horse. Although a considerable portion of the time will be spent working on hoof specimens and in cold shoe setting, students should not consider themselves to be qualified farriers at the end of the course.

It also includes illustrated lectures on the anatomy of a horse's limb from the knee to the hoof; nutrition and its affect on hoof development; handling and restraining horses for shoeing; the proper use of farriers' tools; and hoof trimming and general hoof care.

The maximum number of students that can be accommodated is 12 and the minimum required for the course to be offered is 10. The \$35 fee, payable upon registration, covers the cost of materials and mimeographed lectures. Students are expected to bring their own tools. Room and board is available at the College.

The course, given by qualified instructors, is open to anyone 18 years or older who has had some experience in handling horses.

Enquiries about the course being offered at the College should be sent to the registrar, Vermilion College, Vermilion, before April 2.

The same basic horse hoof care course is also being offered at Medicine Hat from April 12 to 16 and at Barrhead and Pincher Creek from April 5 to 9. District agriculturists in these areas have further details.

Anyone in other areas of the province who would like to take the basic horse hoof care course should contact his district agriculturist. If enough people are interested, a course will be arranged.

Warble Control At Auction Marts Postponed Year

The Hon. H. A. Ruste, Alberta's minister of agriculture, has announced that the implementation of the warble control program at public auction markets will be postponed until 1972.

Under this program any cattle with visible signs of warbles will be rejected at public auction markets unless they are accompanied by a statement saying that they have been treated for warbles within the last 30 days.

Mr. Ruste says the program has been postponed because it was felt that cattlemen had not been given adequate notice of its impending implementation.

He explains that the government plans to implement the program in 1972 to prevent the re-infestation of warble free areas in the province. It is anticipated that 60 per cent of the municipalities will be engaged in warble control programs this year.

Stony Plain Wins Men's Hoop Tourney

Results of the Men's Invitational Basketball tournament held at Drayton Valley on Saturday and Sunday was Stony Plain in 1st place with the Drayton Valley Cagers second. Hinton finished 3rd.

The final game on Sunday night between the Cagers and the Stony Plain team was tied until the final 3 seconds when a personal foul and a technical foul cost the Cagers 3 free throws with the final score 62-59. Earlier on Saturday the Cagers had defeated Stony Plain by a score of 64-61. Stony Plain then scored victories over the Drayton Valley Trojans and Hinton to enter the finals.

Members of the Cagers were Paul Bradley, Terry Rockwell, Brian Dimen, Gary Wilson, Don Graham, Ken Dusterhoft, Harvey Jones, Doug Murray and John Oman. The Cagers also defeated Warburg by a score of 107-65.

Members of the Drayton Valley Trojans were Roger Hutchinson, Danny Wickland, Barry Swap, Ker Cameron, Wilf Zom, Parry Mohn, Gerald Dusterhoft, Brent Hodgson, Bill Turchuk, Ron Bartek and Coach Paul Bradley. These boys are all in the Drayton Valley Senior and Junior High Schools and they played extremely well winning one game and losing two.

Their best game was their defeat of the 3rd place Hinton team by a score of 91-59. Scoring in

that game was Hutchinson 2, Wickland 12, Swap 27, Cameron 4, Turchuk 2, Zom 10, Mohn 10, Dusterhoft 20, Hodgson 4, Bartek 2. Their two losses were both to the 1st place Stony Plain team by scores of 87-64 and 73-67.

Driving up to the house to deliver the family's seventh baby, the doctor almost ran over a duck.

"Is that your duck out front?" asked the M.D.

"It's ours, but it ain't no duck. It's a stork with his legs worn down."

You may now qualify for the increased Guaranteed Income Supplement to your Old Age Security Pension.

Apply now!

If you received a supplement in 1970...

you may qualify for increased payments after April 1st, 1971. At that time, the maximum combined Old Age Security pension and Guaranteed Income Supplement will be raised to \$135.00 a month for a single person or a married person whose husband or wife is not a pensioner, and to \$255.00 a month for a married couple who are both pensioners (\$127.50 each).

If you did not receive a supplement in 1970...

you may now qualify for one as of April 1st, 1971, because the amount of income you are allowed has been adjusted upwards. Nearly 300,000 more Canadians will benefit from this change. The new maximum Old Age Security pension and Guaranteed Income Supplement will be \$135.00 a month for a single person and \$255.00 a month for a married couple who are both pensioners (\$127.50 each).

You have already received an information booklet and an application form for the supplement. If you think you are eligible, and have not already completed and mailed the application form, you should do so now. The increased Guaranteed Income Supplement is not sent to you automatically. You must apply for it each year.

For further information or assistance in determining whether you are eligible for an increased supplement, write the regional Old Age Security office at the address shown below:

ALDER FLATS NEWS

Mrs. Val Person had minor surgery in the University hospital recently.

Eric Wennerstrom is improving favorably and will start having skin grafting done on his legs.

Mrs. Mary Zukiqiski spent a couple of weeks during February at her daughter and son-in-law's home at Tofield. Kathy had a baby girl February 14th. The Eleniuks now have two girls.

Dennis and Ruth Nelson spent the weekend of the 6th and 7th with friends in Sherwood Park and enjoyed the singing of the CBC Choir from Prince Albert, Saskatchewan who sang at the Covenant Church in Edmonton. The choir of around fifty students also sang in Camrose Sunday evening.

Mr. and Mrs. Robbie Bohning of Edmonton have spent the past couple of weekends at the Carl Bohnings.

Vince Schauferte was home from Wabasca for four days and left for work on Sunday. Andy Williams is employed on Beaver No. 2 also.

Mrs. Orr and Mrs. Bonnie Kercher and girls of Rosalind were visitors on the 7th and 8th at the Lawrence Maciln home.

Dennis Maciborsky's rink won first in the second event at the Oilmen's Bonspiel the past weekend. They received picnic hampers. On the team were Jim Wilson, Don Lacro and Vic Miller.

Congratulations to all the ladies from here who won prizes in the Buck Lake Ladies' 'Spiel recently. The rinks were Joyce Hayduk's, Nellie Hare's, Margie Hammond's and Lil Zingle's.

Visitors at the Ron Blades and Ken Hayduk's recently were Dale and Elaine Rhyason and family of Edmonton and Gordon and Ruth Blades of Red Deer and Dennis Blades of Drayton Valley. Elaine and Ruth curled with Joyce in the 'Spiel.

Hector and Marcie Letourneau and Mrs. Letourneau of St. Albert were out for the weekend visiting relatives, the Bob Wennerstroms, Mike Scrybalos, and Don Bohnings.

Linda Seely of Red Deer was home with her parents the Lou Seely's on the weekend.

Mrs. Verle Sluchinski left last Monday for Kerrobert, Saskatchewan where Henry is employed. Henry brought her back on Saturday.

The Frank Fosters had several relatives down on Sunday, the occasion being Jeanie's birthday.

Mrs. Shirley Shanks, Mrs. Bernice Johnson, Mrs. Mickey Parker and Mrs. Ester Hammond will be canvassing for the Canadian Cancer Society starting this month until the end of May in our area. We have appreciated your support in the past years and hope for it again this year when we call on you.

The Alder Flats Ladies would like to say a special thank-you to the Ladies of the Drayton Valley Curling Club for the kind hospitality, the elegant banquet and the splendid entertainment received while curling in their Bonspiel.

DOZING AT WHEEL NOT UNCOMMON

Sleep-prone drivers are attracting the attention of University of California, Los Angeles researchers.

A sample of 126 drivers taken by UCLA disclosed that 58% of them admitted to sleeping or dozing at the wheel while driving over extended periods.

The preliminary findings back up an Oklahoma Turnpike Authority study showing that "driver went to sleep" accidents accounted for 22% of all accidents and 48% of all fatalities over an 11 year period.

Club Plans to Attend Rodeo

The tenth regular meeting of the 16-A 4-H Tractor Club was held at the home of Mr. and Mrs. M. Bruner of Evansburg on March 17th.

On April 3rd, between two and five o'clock, the club will hold a bake sale. Byron Brown and Ted Bruner are to head the committee that will make posters for our bake sale.

The club is going to the Rodeo in Edmonton on Tuesday, March 30th. All Beef and Field crops 4-H members who want to go with us have been invited to go. Members will meet at Bruner's at 6:00 p.m.

The Achievement Day on May 8th was discussed.

No demonstrations were given at this meeting, but for next meeting on March 31st, Anthony Rosaduk, Byron Brown, Phillis Bura, Adel Bura, Kenny Mazeppa and Ted Bruner are all to give a demonstration.

A delicious lunch was served after the meeting.

LUTHERAN NEWS

At the Emmaus Ladies Aid meeting last week it was decided to have a bake sale on Saturday, April 24th. Sale to start at 2:00 p.m.

Cattle Sales Start Monday

A battery of professional livestock auctioneers have been assigned to this year's Canadian Western Stock Show and Sale in Edmonton March 27th to April 2nd.

Heading the list is Ft. MacLeod's Ken Hurlburt, a popular and widely experienced cattle auctioneer. Ken is being joined by another well-known fellow, Garfield Ogilvie of Tees, and rounding out the cattle sales team is Don Hutton of St. Paul.

Purebred cattle sales open this year's selling line-up at 9:00 a.m., Monday, March 29th with Aberdeen Angus bulls and females followed by the Shorthorn bulls and females and the Polled Hereford bulls and females. The auction of Horned Hereford bulls and females is on Tuesday, March 30th, starting at 9:00 a.m.

The sale of finished market cattle is scheduled for 1:30 p.m., Wednesday, March 31st.

Purebred swine selling which is the feature Friday, April 2nd beginning at 9:30 a.m. will see Calgary auctioneer Earl Galvin back to join Don Hutton.

Kinsmen Make Early Bird Draws

Three individuals from Alberta, one from Manitoba and one from Ontario are each \$500 richer as a result of the first early bird draw made in conjunction with the Association of Kinsmen Clubs, District Four, \$50,000 Kinstake lottery.

Mr. Eldon Loucks of Calgary and Governor of the Kinsmen Clubs in Alberta drew the following names from the drum located in the offices of The Canada Trust Company in Edmonton: Margaret Ayotte, 12911-73 Street, Edmonton Alberta; W. Duran, 1 Carlingview, Rexdale, Ontario; J. E. Gagnon, 10719-58 Avenue, Edmonton, Alberta; James Simmons, 12525-79 Street, Edmonton, Alberta; and Marilyn Chatwin, 607 Mulvey Avenue, Winnipeg, Manitoba.

These winners remain eligible for subsequent early bird draws and the final to be made May 28th.

TELEVISION SCHOOL

The Metropolitan Edmonton Educational Television Association has a series of special interest to handymen, rural residents and farmers. The series is entitled "Lift" and deals with such topics as basic automobiles, furniture refinishing and metal work.

Beginning March 23rd there will be six programs on welding. Lemar Seeger of the Olds School of Agriculture takes the novice welder from the lighting of the Oxy-acetylene torch to joining metal, making a metal bench, braising, bending of metal and now to create wrought iron scrolls.

Watch these welding programs on Channel Eleven's "Lift" series Tuesdays at 8:00 p.m. The series may prompt you to take a more formal welding course. These courses are available at Vermilion School of Agriculture, Olds School of Agriculture, N.A.I.T., Edmonton and S.A.I.T., Calgary.

Talent Search Semi-Finals

Locations of the Regional Semi-Finals of Search for Talent have been announced by Sid Birkenhagen, Vice-President of the Associated Canadian Travellers of Edmonton.

Winners of the Semi-Finals in the four categories will appear at the Finals on CFRN-TV on Saturday, April 24. This will climax the twenty-fourth annual season of Search for Talent sponsored jointly by the A.C.T. and CFRN-Radio.

First Semi-Final will be held at Westlock, April 3.

One week later Spruce Grove will be the Semi-Final center with winners from Mayerthorpe, Consort, Ponoka, Evansburg, Drayton Valley and Whitecourt participating.

Easter Seals Provide Care

Easter Seals play an important role in the patient care services of the Associated Canadian Travellers in rural north-central Alberta.

At the annual campaign meeting of the A.C.T. held recently, John Cyr, committee chairman pointed out that last year approximately 25% of the patient care services provided out of the A.C.T. Northern Alberta Crippled Children's Fund were paid by money raised from Easter Seals.

The A.C.T. is one of twenty-two Easter Seal areas operated under the jurisdiction of the Alberta Rehabilitation Council for the Disabled throughout the province and extends northward to Lesser Slave Lake, eastward to the Saskatchewan border, southward to Millet and westward to Edson.

The provincial objective is \$160,000, the A.C.T.'s quota is \$10,000.

Besides direct patient care services the A.C.T. operated Camp He-Ho-Ha on Lake Isle, which was attended by 372 handicapped children, teenagers and adults during June, July and August in 1970.

The young man looked at the menu prices, then turning to his date said: "What will you have, my plump little doll?"

THANK YOU

I would like to take this opportunity to extend my sincere thanks to all those who sent cards and visited me during my stay in the General Hospital in Edmonton. Special thanks to Dr. David Lewis and Pastor Dale Mohr.

Mrs. Pearl Getzinger

The ladies of the United Church would like to thank all those involved in making their Fashion Show a success. A special thanks to Mar-Nel's Ladies Wear, Don McKenzie Men's Wear, Adam's Shoe Store and M & S Junior Togs. Also to the models and to all the ladies who helped with the preparations, the people who entertained and to all those who supplied food, and helped serve. Your efforts were much appreciated.

We would like to thank all our friends, neighbors and relatives who attended open house for us on the occasion of our 25th Wedding Anniversary which was held February 27th. Many thanks for the lovely gift of which we will always appreciate.

Mr. and Mrs. Stan Jevne
Entwistle, Alberta.

IN MEMORIAM

MICKU - In loving memory of our dear father and grandfather, James Micku, who passed away March 27, 1970.

Our hearts were almost broken

You fought so hard to stay, But when we saw you sleeping, so peaceful, free from pain; We could not wish you back to suffer that again.

Tonight the stars are shining

On a lonely silent grave, Where sleeps in dreamy slumber

One we loved but could not save.

To you who have a Father,

Cherish him with care,

You will never know the heart

aches, till you see his vacant

chair.

Dear Lord, please take a message

To our Father up above

Tell him how we miss him

And give him all our love.

Very sadly missed by his daughter

Margaret, Bob and his grand-

children Becky, Cindy and Robbie

WAYS WITH HONEY

March is Honey Month so let's turn our attention to another Alberta product we can be proud of -- honey.

Most people think of honey as a "sweet-tooth" topping for pancakes and toast. Long ago, however, it was associated with many romantic traditions. The Greeks had a method for daughter-in-law trouble. The groom's mother presented a jar of honey to the bride to ensure that her words would always match its sweetness. The old proverb that honey catches more flies than vinegar is well-known. Whether these tales be fact or fancy, honey has been a favorite sweetener for sometime.

Here are some ways with honey you may find helpful:

-- Add to a cake mix for better texture and flavor. 1 tablespoon of honey will enhance your favorite cake mix. The cake will stay fresher longer too.

-- Freeze fruit in a honey syrup. Prepare a light syrup by bringing 4 cups of water to a boil, remove from heat and stir in 1 1/2 cups of honey. For a medium syrup stir in 2 cups of honey. Fruits frozen in a honey syrup will not darken or discolor. No need to use Vitamin C or ascorbic acid.

-- Honey-butter spread is made by combining equal amounts of honey and butter. Store honey-butter in the refrigerator ready for toast, hot rolls or Spicy Upside Down Cake.

-- Honey improves many foods; it enhances the flavor of pork and poultry, keeps baked goods fresh and moist, and sweetens fruit without masking its fresh flavor.

-- Use honey in place of other sweeteners in your favorite recipes. When recipe calls for 1 cup of sugar or syrup use 1 cup honey and reduce the liquid by 1/4 cup. Then, reduce the oven temperature by 25 degrees, to prevent over-browning.

-- Honey is easy to measure if you first warm the cup or spoon by holding it under the hot water tap.

-- Store honey in a warm dry place in the kitchen. The optimum granulation temperature is 57°F. so to prevent granulation keep the temperature well above or below 57°F. If you wish, you can freeze honey; freezing keeps it liquid.

-- To reliquify honey place the container in warm (not hot)

water, over-heating injures delicate flavor and color.

-- Cooking with honey is fun and challenging whether you are an experienced cook or a new one. In fact, you can make new recipes of your old favorites, by using honey. "Honey it's good Everyway Every Day" is an excellent book with more recipes developed for honey. For your copy send 50¢ to: Canadian Honey Council, 18650 - 111 Avenue, Edmonton, Alberta. Two free publications, "Honey" and "Ways with Honey" are available from this office upon request by phoning 777-2231 or writing to District Home Economist, Box 510, Stony Plain, Alberta

Until we hear from you -- let tomorrow at your house be "top-o'-the morning" with honey.

A political prisoner in Cuba, about to be executed, was blindfolded. The captain of the execution squad asked him if he wanted a cigarette.

"No, thank you," said the prisoner. "I'm trying to quit."
